

A Guide on Hemorrhoid Ointments

Hemorrhoid medications are nearly a dime a dozen. It's important to know how these things work and what ingredients to look for. The ingredients of a product determine whether or not a good ointment could truly help relieve hemorrhoids. Be smart, always read the label before making a purchase just to make sure that everything is in order.

BHI Hemorrhoid Relief Ointment 1.76 Oz

BHI Hemorrhoid Relief Cream is actually a medication for hemorrhoids produced by Heel BHI. Applied topically, this cream will help in relieving the pain or perhaps itch for hemorrhoids in teenagers. It's free of artificial colors and flavors. What makes this particular ointment great for some teenagers is that it's fat free. Vegans can take solace in the fact that no animal fats were used in making this system.

Suggested Use:

The creams is to be applied to the affected area generously three times a day, or more if necessary. Simply slather some on the fingers and gently rub the ointment on the affected area to relieve pain and itching from hemorrhoids.

- To open up, simply open the cap and us its point to puncture the protective seal.
- Cover ointment when not in use.

Disclaimer:

Strictly with regard to external use only. In the event that symptoms persist for a period longer than seven days, consult a doctor immediately. Read the list of ingredients before using in order to prevent possible allergic reactions.

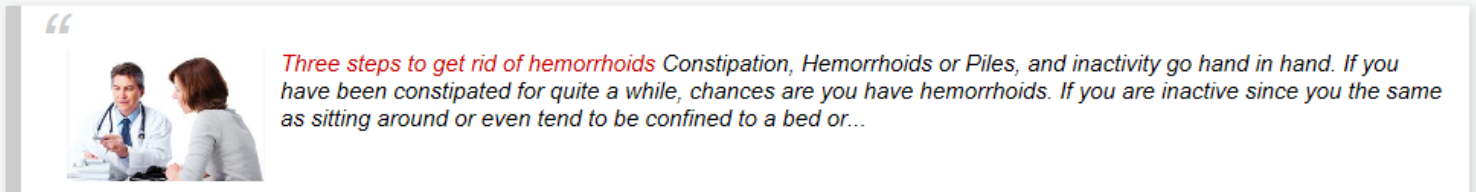

Americaine Hemorrhoidal Ointment

There are a lot of hemorrhoid creams out there, but few provide pain relief as quickly and efficiently as Americaine Hemorrhoidal Cream. Americaine is a hemorrhoid medication with maximum strength that right away relieves irritation, inflammation, soreness, and local pain. What makes Americaine work so well is the active ingredient.

The Active Ingredient of Americaine is Benzocaine Which Comprises 20% of the Product

Benzocaine is often a local anesthetic which is applied topically to relieve people of pain. It is also an important ingredient in cough drops. This product is best for those who find themselves in immediate need of relief from symptoms caused by hemorrhoids. Intense hemorrhoids in teenagers can easily be remedied by Americaine.

The product is also useful for minor waste or burns, with alleviation lasting for a number of hours.

Suggested Use:

Possible, clean the affected area with mild soap and rinse thoroughly with warm water before application. Dry the cleansed area by gently wiping it or blotting the area with toilet paper or even a soft cloth. The ointment can be generously applied to the affected area for up to six times a day. This is just for external just use.

Disclaimer:

Children below 12 years of age need to consult a doctor before using this medication. Store at a room temperature of 15 -30C (59-86F). Tube is sealed, do not use if seal is actually missing or damaged.
